

Filament Winding, Fiber Placement and Pultrusion Workshop February 7th through February 9th.

This year's workshop will be preceded by a full day of complementary training on FiberGafiX, the industry's leading pattern generation software for filament winding. Training will be delivered by Ron Roser, Director of New Technology and Development at Entec Composite Machines. Please indicate on the registration form if you are interested in attending this session at no extra charge. Lunch will be provided.

The format of this three-day course allows each attendee the freedom to choose what they want to learn. The workshop has been broken down into three different tracks: Essentials and Fundamentals, Advanced Principals and Practical Applications. Each day will begin with a keynote speaker, after which attendees may participate in whichever course they feel will benefit them most.

Workshop Information

Registration Fee: The cost of attendance is \$795.00 for industry professionals and US\$95.00 for students. This fee includes course materials on CD and handouts, a complete list of attendees, daily continental breakfast, daily lunch, refreshments, and access to the tabletop exhibits. Full payment of fees is due in advance.

Tabletop Exhibitor Fee: The cost for exhibitors is US\$1295.00. This fee includes one table (3' x 8') with table cloth and draping on 3 sides, and workshop registration for on individual. Full payment of fees is due in advance. (Note: The first six paid exhibitors will be designated as Industry Presenters, which will allow them to give a presentation during the afternoon session of the workshop at no extra charge.)

Cancellation Policy: Before January 15, 2006 – 75% refund; after January 15, 2006 – no refund. A substitute delegate is welcome at no extra fee.

Location: The venue for the workshop is the facilities of Entec Composite Machines in Salt Lake City, Utah.

Accommodations: The host hotel for this event is the Sheraton, located at 150 West 500 South in beautiful downtown Salt Lake City. For reservations, please call 1-800-401-2000. Rooms for the workshop will be held until January 7, 2006. Room rate: US\$89.00 (Single Courtyard Room)
